

Applicants to the B.L.A. program must present their proposed degree plan to at least one faculty member or otherwise qualified individual teaching or working in a field related to the student's professional goals. A Qualified Signature with a degree plan indicates that a student has discussed the relevance and appropriateness of their degree plan with a qualified individual.

Qualified Individual

Date: _____

Professional Name: _____ Title: _____

Organization: _____

Signature: _____

Notes: _____

A note to signatories: By signing this form you are in no way responsible for the student, their course choices, academic or professional future. This form shows the advisors that the student has taken the time to do background research on their profession of interest and has sought feedback from people whose experience closely matches this interest.

Can other LAIS students who are interested in your field contact you for the professional signature? If yes, please provide your phone number or email:
